FOODBORNE ILLNESS RISK FACTORS AND PUBLIC HEALTH INTERVENTIONS

Circle designated compliance status (IN, OUT, N/O, N/A) for each numbered item
 IN=in compliance OUT=not in compliance N/O=not observed N/A=not applicable
 Mark "X" in appropriate box for COS and/or R
 COS=corrected on-site during inspection R=repeat violation

Compliance Status			cos	R	Compliance Status		cos	R	
Supervision					Potentially Hazardous Food Time/Temperature				
1	IN	PIC present, demonstrates knowledge, and performs duties			16	IN	Proper cooking time & temperatures		
Employee Health					Consumer Advisory				
2	IN	Management awareness; policy present			23	IN	Consumer advisory provided for raw or undercooked foods		
3	IN	Proper use of reporting, restriction & exclusion			Highly Susceptible Populations				
Good Hygienic Practices					24	IN	Pasteurized foods used; prohibited foods not offered		
4	OUT	Proper eating, tasting, drinking, or tobacco use		X	Chemical				
5	IN	No discharge from eyes, nose, and mouth			25	IN	Food additives: approved & properly used		
Preventing Contamination by Hands					26	OUT	Toxic substances properly identified, stored & used		X
6	IN	Hands clean & properly washed			Conformance with Approved Procedures				
7	IN	No bare hand contact with RTE foods or approved alternate method properly followed			27	IN	Compliance with variance, specialized process, & HACCP plan		
8	IN	Adequate handwashing facilities supplied & accessible			Risk Factors are improper practices or procedures identified as the most prevalent contributing factors of foodborne illness or injury. Public Health Interventions are control measures to prevent foodborne illness or injury.				
Approved Source									
9	IN	Food obtained from approved source							
10	IN	Food received at proper temperature							
11	IN	Food in good condition, safe, & unadulterated							
12	IN	Required records available: shellstock tags parasitic destruction							
Protection from Contamination									
13	IN	Food separated & protected							
14	OUT	Food-contact surfaces: cleaned and sanitized		X					
15	IN	Proper disposition of returned, previously served, reconditioned, & unsafe food							

GOOD RETAIL PRACTICES

Good Retail Practices are preventative measures to control the addition of pathogens, chemicals, and physical objects into foods.

Mark "X" in box if numbered item is not in compliance Mark "X" in appropriate box for COS and/or R COS=corrected on-site during inspection R=repeat violation

Inspection Notes

Certified Food Protection Manager: Courtney Packer EXP. 9/22/2020 PIC- Seth

Unless directed otherwise, all Eating Establishments are required to submit a copy of their Certified Food Protection Manager (CFPM) certificate. A CFPM must be hired at the time of a new eating establishment opening or within 60 days of when a CFPM leaves employment. For a list of CFPM courses and trainers go to <http://www.maine.gov/healthinspection/training.htm>

Please provide a copy of this certification(s) to Eric Cobb, Health Inspector, 389 Congress St. Room #307, Portland, ME 04101, ecobb@portlandmaine.gov or faxing to 207-756-8365.

Please include the name of your establishment and the establishment ID# with your certification(s).

Employee Health Policy:

The Health Inspection Program has implemented an educational public health initiative on Employee Health on March 1, 2017. The policy handouts will be provided to you by your inspector and reviewed during inspection for compliance. They are also available on the Program's website: <http://www.maine.gov/healthinspection>

2013 Maine Food Code Adoption:

The Maine Food Code was adopted in October of 2013. Please refer to our website for a copy, <http://www.maine.gov/healthinspection>. Following are a few of the major changes: * No Bare Hand Contact with Ready-To-Eat Food. * Establishments must have clean-up procedures for employees to follow following vomiting and diarrheal events. * Date marking of Ready-to-eat potentially hazardous foods.

Violation Correction Timeframe:

Critical violations should be corrected on site, but in any event, within 10 days. The licensee must contact the inspector when the critical violation has been addressed at 207-756-8016. Non-critical violations must be corrected within 30 days. Failure to satisfactorily correct these violations before the follow-up inspection may result in enforcement proceedings by the Department to include fines and penalties. License renewals can be denied if violations are not corrected within the noted timeframes.

C= Critical violation and NC= Non-critical violation:

“Critical violation” means a provision of the Food Code that, if in non-compliance, is more likely than other violations to contribute to food contamination, illness or environmental health hazard.

Additional Inspection Fee:

License fees provide for two inspections per year. When additional inspections are required, the Department may charge an additional \$100 fee to cover the costs of each additional inspection or visit.

Document Retention/Posting:

Pursuant to the Maine Food Code, the establishment's current license must be displayed. In addition, a sign or placard must be posted in a conspicuous area notifying consumers that a copy of the most recent inspection report is available upon request. CFPM certificates must be posted in a conspicuous area and must be available to the Department upon request.
